CSS

HTML

Javascript

Arc GIS

Qgis

AutoCAD

Ms office

python

PROFESSIONAL EXPERIENCE

Edr Continues Information Private Limited

26.04.2024-04.9.2024

GIS ANALYST

- I am working in a Road Features Database project for USA, Canada and Japan.
 - In this project I collect features of roads.
 - For this project, we use QGIS Software.
-

PROJECTS

QR Code Generator Web App

HTML | CSS | JavaScript

- Built a responsive app to generate QR codes from user input.
- Integrated qrcode.js for real-time QR rendering and PNG download.
- Included input validation and clean, minimal UI.

Weather Forecast App

HTML | CSS | JavaScript | OpenWeatherMap API

- Created a weather app fetching real-time data via OpenWeatherMap API.
- Displayed temperature, humidity, and conditions with error handling.
- Responsive design with clean UI.

GOAT Game (Number Guessing)

HTML | CSS | JavaScript

- Developed a number guessing game with scoring and attempt tracking.
 - Used JavaScript for game logic, user feedback, and UI updates.
 - Included restart feature and responsive layout.
-
